

CENTRAL & EASTERN EUROPEAN
ENERGY EFFICIENCY FORUM

13–16 JUNE 2018

SEROCK, POLAND

Thursday 14 June	room1	room2	room3	room4	room5	room6
slot 1 - 9.00- 10.30	<u>Non-financial barriers and renovation investment behavior – Panel Leader Dries Acke</u> Presentations: 1. Addressing the non-financial barriers - Jan Rosenow, RAP, UK 2. Non-financial barriers to renovation of different types of buildings in CZ - Tomas Trubacik, C4B, Czech Republic 3. Support of JASPERS advisory in the preparation of renovation programmes - Marcin Idczak, EIB, Poland	<u>Healthy Buildings – Panel Leader Kristina Klimovich</u> Presentations: 1. Energy efficiency in buildings - meaningless without comfort and health of users - Emilia Mladin, Romanian Association of Energy Auditors for Buildings (AAECR), Romania 2. The impact of the quality of homes on indoor climate and health - Ondrej Bores, Velux, Czech Republic 3. The Digital Revolution and Building Performance: Energy Reduction through Data Analysis & Virtual Benchmarking - Luc Delestrade, Integrated Environmental Solutions (IES), UK	<u>New methods in public procurement (PPP, ESCO) – Panel Leader Katarzyna Wardal</u> Presentations: 1. Financing models for energy efficiency upgrades of street lighting: Best practices in Central and Eastern Europe - Aleksandra Novikova, IKEM – Institute for Climate Protection, Energy and Mobility, Germany 2. Energy Performance Contracts - SK programme - Roman Dojcek, Slovak Investment Holding, Slovakia 3. Using design & build principles in public procurement for building renovation - Aleš Chamrad, Chamrad legal, Czech Republic	<u>Supermarkets as part of the energy system – Panel Leader Edith Bayer</u> Presentations: 1. Smart power grids and efficient district heating - Jan Rączka, Alternator, Poland 2. Supermarkets and flexibility in the energy system - Anton Koller, Danfoss, Denmark 3. Decarbonising the heating system - Sławomir Jankowski, Veolia, Poland		<u>Renovation strategies on local level – Panel Leader Mihai Moia</u> Presentations: 1. Action plans for renovation of public buildings in 4 Bulgarian cities - Dragomir Tzanev, Eneffect EnEffect - Center for Energy Efficiency, Bulgaria 2. The power of cities and towns - how renovation strategies at local level can make a difference (and help the EU to reach its climate goals)- Renate Schindlbeck, Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), Germany 3. Belgrade district energy and building renovation strategies - Maarten De Groote, BPIE, Belgium

Thursday 14 June	room1	room2	room3	room4	room5	room6
slot 2 - 11.00- 12.30	<p><u>How to set up a renovation programme for Multi-apartment buildings – Panel Leader Anna Ackermann</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. The impact of the EE programs on training demands in Bulgaria - Anna Pirinska, BG Construction Chamber, Bulgaria 2. Financial instrument for energy efficiency in residential buildings (multi-apartment) - Roman Dojczak, Slovak Investment Holding, Slovakia 3. Energy Renovation of Multi-family Buildings – Trends in Croatia - Irena Kriz-Selendić, Ministry of construction and physical planning, Croatia 	<p>Active versus Passive housing concept – Panel Leader Emilia Mladin</p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Active House as a tool to empower owners to build to NZEB level - Kurt Emil Eriksen, Active House-Velux, Denmark 2. Light, glass and water in the future building envelope - Veneta Novakova, ETEM, Bulgaria 3. Passive house concept in Czech Republic - Tomas Vanicky, Centrum Pasivniho Domu, Czech Republic 	<p><u>Financing models for residential energy efficiency in Eastern Europe – Panel Leader Besim Nebiu</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Financing instruments and key challenges related to residential energy efficiency in Bosnia and Herzegovia - Jasmin Gabela, ENOVA, Bosnia Herzegovina 2. EIB experience with financing for residential energy efficiency especially in Eastern Europe region - Andreas Piontek, EIB, Luxembourg 3. Energy Community and the work with Western Balkans on energy efficiency in buildings - Violeta Kogalniceanu, Energy Community, Austria 	<p><u>Implications of the new Energy Performance of Buildings Directive – Panel Leader Tomas Trubacik</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Web Register of Energy Efficiency Certificates - Jasmina Katica, Federal Ministry of Spatial Planning, BiH 2. Improving the quality of Energy Performance Certificates: lessons from the QUALICheck project - Peter Wouters, INIVE EEIG, Belgium 3. The next generation of energy performance certification - Philippe Moseley, EC EASME, Belgium 	<p><u>Implications of the new Energy Efficiency Directive – Panel Leader Marion Santini</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Lessons from EED implementation in CZ - Vladimir Sochor, Ministry of Industry, Czech Republic 2. Which lessons can we learn from implementation of the current EED to improve implementation of the EED - Lucinda Maclagan, Concerted Action on EED, The Netherlands 3. More than counting beans: The role of monitoring and verification of energy savings - Jan Rosenow, RAP, UK 	<p><u>Providing local authorities with means to lead the energy transition – Panel Leader Kristina Dely</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Polish energy efficiency policies: opportunities and challenges for municipalities, with special regards to building retrofit - Anna Jaskała+Leszek Drogosz, Polish Network of Energy Cities+City of Warsaw, Poland 2. Energy efficiency on a local scale: challenges and opportunities for municipalities through Hungarian examples - Zsuzsanna Koritar, MEHI, Hungary 3. Energy efficiency financing and ESCO market on the local level, issues and opportunities - Jiri Karasek, Seven, Czech Republic

Friday 15 June	room1	room2	room3	room4	room5	room6
slot 1 - 9.00- 10.30	<p><u>How to set up a renovation programme for Single-family buildings – Panel Leader Peter Robl</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Latest developments in "Nova zelena usporam" - Jakub Hrbek, State Environmental Fund, Czech Republic 2. SFH programme in RO (Casa Verde) or Energy efficiency in low income communities - Mihai Moia, ROENEF, Romania (or representative of National Fund of Romania) 3. SFH programme in SK - Peter Gergely, Ministry of Construction, Slovakia 	<p><u>Macro-economic benefits of energy efficiency – Panel Leader Jan Rosenow</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Multiple benefits of energy efficiency - macro economic benefits - Rodolphe Nicolle, Buildings2030, Belgium 2. The macro-level and sectoral impacts of Energy Efficiency policies - Dora Fazekas, Cambridge Econometrics, UK 3. NECPs: an enormous opportunity to boost investment in energy efficiency - Louise Tideman, ECF, Belgium 	<p><u>Innovative financial instruments for building renovation – Panel Leader Karolina Zubel</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. EUROPACE: unlocking energy efficiency in buildings - Kristina Klimovich, GNE Finance, Spain/Netherlands 2. "ESKO EKOSYSTEM" aligning interests of stakeholders through the multi-stakeholder platform on those of the final beneficiary - Nicholas Stancioff, LABEEF, Latvia 3. One stop shops and innovative financing for housing refurbishment - Christophe Milin, EASME, Belgium 	<p><u>Monitoring and evaluation of programmes and policies – Panel Leader Maarten de Groote</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Evaluation into practice to achieve targets for EE - Lovorko Maric, Energy Institute Hrvoje Pozar, Croatia 2. Inspection and enforcement of EPCs - Marcela Jurackova, State Energy Inspection Authority, Czech Republic 3. Evaluation of renovation programmes and policies - Helle Carlsen Nielsen+Stephan Schlitzberger, Eurowindow, 	<p><u>Capacity building - Building a strong advocacy base – Panel Leader Sofie Freilev Ion</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Slovak Programme Building 2050 - Katerina Chajdiakova, Buildings for the Future, Slovakia 2. Placing EE in the V4 climate policy context - Ada Amon, E3G, Hungary 3. Using advocacy to open a big market - Lucian Lumezeanu, Rockwool, Romania 	<p><u>EE on local level – Panel Leader Iva Svobodova</u></p> <p>Presentations:</p> <ol style="list-style-type: none"> 1. Deep renovation of residential MFH. Case studies and strategies - Andrzej Rajkiewicz, National Energy Conservation Agency, Poland 2. Leadership at local level. Urban planning and regeneration - Edith Bayer, RAP, UK 3. Aggregation of projects in a delivery mechanism for local energy efficiency implementation - Ksenia Petrichenko, Copenhagen Centre on Energy Efficiency, Denmark

CENTRAL & EASTERN EUROPEAN
ENERGY EFFICIENCY FORUM

13–16 JUNE 2018

SEROCK, POLAND

				Denmark+Germany		
Friday 15 June	room1	room2	room3	room4	room5	room6
slot 2 - 11.00- 12.30	<u>Renovation of public buildings – Panel Leader Susanne Dyrboel</u> Presentations: 1. Energy Renovation of Public Buildings – Trends in Croatia - Ines Andrić Brajčić, Ministry of construction and spatial planning, Croatia 2. Technical assistance to massify the energy refurbishment of public buildings and infrastructures - Christophe Milin, EASME, Belgium 3. Financial mechanisms as support to the public sector in renovation and energy management - Samra Prasovic, Environmental Protection Fund of the Federation of BiH	<u>Alleviating energy poverty by building renovation – Panel Leader Helene Sibileau</u> Presentations: 1. Connection between residential energy efficiency refurbishments and energy poverty alleviation – Hanna Szemzo, MRI-Metropolitan Research Institute, Hungary 2. Tackling Energy poverty in Bosnia and Herzegovina - When Private and NGO sector join forces - Iva Svobodova, People in need, Bosnia Herzegovina/Czech Republic 3. Slovak 2050 buildings vision:	<u>Multi-annual financial framework: experience from old and lessons for the new term – Panel Leader Selina Vancane</u> Presentations: Implementation of EU Funds support scheme to increase near - Ingus Salmins, Development Finance Institution Altum, Latvia 2. EU finance for EE in Pomorskie Region, PL. Flows, channels and pools - Magdalena Pronobis, Pomerania Marshall Office, Poland 3. EU level evaluation on current budget EE focus, on the Commission proposal. Proposal on how to make the new budget work for EE investments		<u>Training of skills for 21st century – Panel Leader Dragomir Tzanev</u> Presentations: 1. Getting people ready for the NZEB challenge - Horia Petran, NIRD URBAN-INCERC, Romania 2. Training and Quality Assurance for 21st century construction - Wolfgang Hasper, Passivhaus Institute, Germany 3. Training needs in BG in passive house projects - Alexander Genchev, EnEffect, Center for Energy Efficiency-Solair, Bulgaria 4. Best training	<u>Local action to improve quality of life – Panel Leader Marta Bromboszcz</u> Presentations: 1. Energy efficiency in buildings: how to accelerate investments? - Andreas Piontek, EIB, Belgium 2. Enhancing the quality of life in cities by energy and resource efficient revitalization - Joanna Wis-Bielewicz, Adelphi research, Poland 3. LIFE Integrated Project called “Implementation of Air Quality Plan for Malopolska Region - Malopolska in a healthy atmosphere” – the meaning of ecomanagers in the field of energy efficiency. - Joanna Kiersnowska+Kamila

CENTRAL & EASTERN EUROPEAN
ENERGY EFFICIENCY FORUM

13–16 JUNE 2018

SEROCK, POLAND

		demography, economics and energy poverty - Peter Robl, Buildings for Future, Slovakia	in the CEE region - Raphael Hanoteaux, CEE Bankwatch Network, Brussels office		models, best training results! - Jiri Karasek, Seven, Czech Republic	Pamuła, Marshall Office of the Małopolska Region, Poland+Ecoadvisor
